

Nippers 2018/19

Hi Everyone,

I hope everyone is well and getting excited about the summer, especially now the footy season is over!

This year we are going paperless. Here's the link to fill out all your details to register for Nippers <https://goo.gl/forms/yQTM6lydHUAJiL4h2>

This is an internal form and different to the one you fill out to join or renew your membership. Sorry about the doubling up but it will help with the organization.

Preliminary Swim Forms

Remember that Nippers is not a learn to swim program. The time they spend in the pool is very important as it not only builds strength and fitness, but confidence.

Forms can be found on our website under the Nippers tab.

Water Safety

To all those teenagers (and teenagers at heart) out there who have their SRC or Bronze – we always need your help during nippers. Fill out this form to help us work out who will be around and what dates suit. Be tempted to do them all!

Working with Children's Check

All helpers around the club and shortly, all parents will require a WWCC in line with best practice and emerging legislation. Please help us get an idea of how many parents/guardians have this card by filling out this section in the registration form.

We are looking forward to another ripper time on the beach.
